Mohammed Musab

Web Developer

+91-9152921715 / musabimp.0@gmail.com / LinkedIn / GitHub / Portfolio

Profile Summary

– Aspiring Web Developer and Computer Engineering student with a passion for learning and building real-world solutions. I bring a solid foundation in full-stack development, cloud computing, cybersecurity, and team leadership. I'm currently exploring AI applications, secure communication systems, and mental wellness tools to solve meaningful problems. Always eager to grow, contribute, and innovate.

Technical Skills

– Languages & Programming: Python, JavaScript, PHP, SQL
– Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, React
– Backend & Frameworks: Node.js
– Database: MySQL, MongoDB
– Tools & Libraries: Canva, GitHub, Chart.js, CryptoJS
– Cloud & Security: AWS (S3, Lambda, Polly), Cybersecurity, Encrypted Communication, File Handling

Experiences

Freelance Web Developer – FZ Creation Bags | fzcreationbags.in   **Remote | Jan 2025 – Feb 2025**
– Developed a fully responsive e-commerce site for a bag/accessory business using HTML, CSS, JS, Bootstrap.
– Built product listing pages, enquiry system, and responsive design with fast load times.
– Integrated contact forms and carousel sliders to align with the brand's modern aesthetic.

Computer Hardware Technician Intern – A TO Z COMPUTERS   **Jul 2022 – Sep 2022**
– Led a 5-member volunteer team, increasing productivity by 30%.
– Implemented structured feedback systems, reducing project issues by 25%.
– Delivered detailed reports and cut project turnaround time by 20%.

Projects

Zenlog – Mental Wellness Platform | HTML, CSS, JavaScript, PHP, MySQL, Chart.js | zenlog
– Mood logging with emoji-based AI response scoring
– Age-based sleep analysis + modal video recommendations
– Goal management with strikethrough, achieve/delete
– Mindful activities page (guided breathing, nature prompts, reflections)

TalkSphere – Encrypted Chat Application | React, Node.js, Stream Chat, CryptoJS | TalkSphere
– End-to-end encryption with `encrypted Data` field
– File encryption/decryption + tamper detection
– DM toggle, security console, bug resolution in file decryption

Organizehub - Modern Task Management System | PHP, JavaScript, HTML, CSS | Organizehub
– Organizehub is a comprehensive task management system designed to help individuals and teams organize their work efficiently. Built with modern PHP and featuring a sleek, responsive interface.
– It provides all the tools needed to manage tasks, deadlines, and priorities effectively.

Education

A. P. Shah Institute of Technology, Thane   **Expected Graduation: May 2026**
Bachelor of Technology, Computer Engineering   *Mumbai*

Certifications

– AWS Academy Graduate – Cloud Foundations (Dec 2024 & Apr 2025) | AWS – Amazon Web Services
– AWS Academy Graduate – Cloud Architecting (Dec 2024) | AWS – Amazon Web Services
– Android Developer Virtual Internship (Mar 2024) | Google
– Cybersecurity Virtual Internship (Jun 2024) | Palo Alto Networks
– Intro to Networking for Cyber Professionals (Aug 2024 – Aug 2027) | Zscaler
– GenAI 101 with Pieces (Feb 2025) | Pieces
– Soft Skills & Employability Training (Apr 2025) | Wadhwani Foundation
– Certificate in E-Commerce – Level 1 (Aug 2024) | Flipkart Grid
– Fundamentals of Cybersecurity (EDU-102) (May 2025) | Zscaler
